Sheriff's Sale.

In front of the Kenesaw Manufacturing Company, on Madison street, at 11 o'clock where the Democratic party stands on the throwing a expended it is pulled to the same that point. They are for "tariff for revenue we mean. Now at the same that point is pulled to the same that pulled to Sheriff's Sale.

BOMBS FOR BLAINE, to a post; the ball then thrown would go as far as the elasticity of the string would Logan and Frank T. Reid by the Repermit, and would then return to its point of starting. It is thus attraction or gravipublicans and Their Pale-Faced tation acts. One may ask if this law is universal, why do not the planets fall into the son and form one conglomerate mass? It is simply because of another force of nature, the resultant of motion and be-Leaders.

Ominously Little About the Candidates. ause they are in motion.

If a ball is swung around attached to the but Glittering Generalities About end of a string, so long as the motion is maintained it will not fall. If the motion of the planets should cease suddenly, or the American Eagle.

even if the rate of motion was materially retarded, these bodies would begin at once retarded, these bodies would begin at once to tumble into the sun, and in a comparatively short period our solar system would it consist of a single mass. While swinging the ball, if the string should break, the ball would fly away in a straight line; so if the action of gravity should be suspended the moon would fly away in a line tangental to its own orbit around the sun. The force which attracts bodies to each other is called centrifugal. In all perfect movements they balance and other. Water flies in drops from the surface of a swiftly revolving grindstone surface of a swiftly revolving grindstone because the centrifugal force exceeds the centripetal force. As these forces regulate the movement of the moon in connection with the earth, so they regulate the movement of the moon in connection with the earth, so they regulate

the movements of the other heavenly bodies. These forces are admirably adhear what could be said in favor of Blaine, The meeting was called to order by about 1000 miles per Lour. If the rate of about 1000 miles per Lour. If the rate of about 1000 miles per Lour. If the rate was much increased the water of the ocean would fly away as drops fly from the would fly away as drops fly from the grindstone; if still further increased, all objects on its surface less securely anchored than the everlasting mountains to f James G. Blaine for President and John A. Logan for Vice-President, "I row have the honor of introducing to you the Hon. Alvin G. Hawkins, ex-Governor of would fly away into space.

It may be asked, if this law of attrac-

tion be universal, why is it that the stars Ex-Gov. Hawkins. which seem so fixed in the skies do not rush together and become one mass? He said: We are a common people, having a common heritage and a common They would certainly do so except that as centripetal force is universal so also is centripetal force is universal They would certainly do so except that as astronomers have been engaged ever since
astronomy was a science in closely observing the stars to detect and measure their
movements; and after centuries of observation their labors have been rewarded
with success. Many of the nearer stars

rer is worthy of his hire. It may be aid they saw Ed upon the memorable nessured lances with him and defeated sence. I think Ed will be all way; there are plenty of Ed's friends up He who has been denominated the prince of parliamentarizes and a leader that the people shall be protected in all about by the pronunciamento of the Board their rights; a man who has been hone of Health declaring the place unhealthy would raise his fallen brother to a place ocker-on, and from the beginning it was pparent James G. Blaine was the choice

econd. He is a soldier and a statesman the stable of the Rev. Father Bloomer, of a kangaroo ticket, we have a whole team marching abreast to victory. I was prestat Nashville and saw the nomination of Reid, which was seconded by a man who said levid had captured him during the war and wanted him to capture the State of Tennessee. Reid enlisted in the Control of the stable of the Rev. Father Bloomer, of the stable of the Rev. Father Bloomer, of the stable of the Rev. Father Bloomer, of the stable of the stable of the Rev. Father Bloomer, of the stable of the stable of the Rev. Father Bloomer, of the stable of the stable of the Rev. Father Bloomer, of the stable of the stable of the stable of the stable of the Rev. Father Bloomer, of the stable of Ashville and saw the nonmandary of the salve of the same of the sa Morton's battery, and fought val-iantly to the end. He is one of the most distinguished jurists on night, but he is speaking to day to the people of Linden, in Perry county. And now, brethren, if you want to see the wheels of progress moving on, if you want to capture the hearts of the laborers, if you desire that their children shall start he country, if you desire the American

shall rule America, vote for James G. Blaine, John A. Logan and Frank T. Reid. Frank Reid made a speech the other night at Nashville, which was published in the merican, and the fires are beginning to urn. Gov. Bate is beginning quake in his boots, and as he grasps the banister rail of the capitot his knees crack gether. Don't you remember how the talked about Garfield and called him a perjarer, and the people elected him. When these slanders had hardly died upon the air, the same men assembled in publi meeting to express their regrets. I expect you will hear something about Mr. Blaine unless the Democrats have learned some sense. Certain papers have bolted. Old Beecher, a preacher, said he could not support him because he was not a pur-A voice-We want Mr. Cleveland be cause he is a pure man.
Cleveland! I haven't a word to say.
What was he? Constable in New York,
or something, wasn't he? [Yells.] Mr.
Tilden did not publish his letter of declination until three days after Blaine's nominstitution.

William M. Randolph was introduced and said the Republica party had been called the gove never done anything except oppose. It has no policy. The convention the other day was divided, and the Democrats of

ting part of the revenue, the Democratic party makes a step which will prevent. What good does the election of Cleveland and Bate do you when it turns you out of work? Every man ought to determine from results accomplished, and to be accomplished, with what party he shall vote. The Democrats once supported Horace Greeley—who never drew a Democratic breath in his life—because they thought he would win. You are asked to follow blindly the lead of New York, which means no more than corrupt Tammany

The Hon. Zack Taylor. The Hon. Zack Taylor, of Tipton county said he was glad to see the party united, and not divided. As long as man loves liberty the Republican party will live in the hearts of the people. It has before it grave duties and grave national responsi-bilities, and no doubt it will prove itself could to the task. It has the duty of pro-tecting the rich against the communists and the poor against grinding oppression. With these great objects are linked many immortal names. Blaine and Logan— their names look well in print, but they will look better in the White House. Blaine is a skillfur diplomat and states-man, and Logan, a volunteer soldier and statesman, too, fills up the measure of this noble ticket. I want the time to come noble ticker. I want the time to come when any man, in any part of the world, may gain protection by declaring, "I am an American citizen." Put forth your energies to let Tennessee have a hand in rearing this grand monument.

Prof. Sampson said that as he had been active as chairman of the Committee on Speakers, he intended to read some letters received from many who could not attend, but as he had been invited to speak he could not refrain from paying a tribute to the grand Republican party. We are here to night to ratify the nomination of two of the grandest men of the age. You are here to attest your devotion to the Prof. Sampson said that as he had been active as chairman of the Committee on are here to attest your devotion to the the principles of that party which has born we are recognized as citizens of this government, and we propose to go forth proclaiming our determination to stand up for those principles which make up the di nity and freedom of the country. The Republican party has just bezun to enjoy what it has earned. The spirit of American liberty is progressive, and in our agricultural and commercial affairs these forts have been a commercial affairs these forts are recognized as citizens of this procession, however, he insisted on rem occasion, however, he insisted on rem in the latter safety and the occasion, however, he insisted on rem in the latter safety and the occasion, however, facts have been so well presented that I will not repeat them. The Republican party proposes to protect every man. Let us as true men be true to our colors, and go forward to the victory which shall surely be ours. A number of other speeches followed.

Prof. B. K. Sampson, Colored.
